

Limited Warranty

10 YEAR HEAT EXCHANGER WARRANTY

Unitary Products warrants the primary heat exchanger in this product to be free from defects in factory workmanship and material under normal use and service and will, at its option, repair or furnish a replacement heat exchanger, either new or reconditioned, that meets the intended fit, use and function of the original heat exchanger for any heat exchanger furnished by Unitary Products which proves to have such defects within ten (10) years from the date determined in accordance with the next paragraph. Alternatively, Unitary Products may, at its option, extend a replacement allowance to be applied toward the purchase of a new like packaged product unit marketed by Unitary Products. The exact amount of the allowance will be determined at the discretion of Unitary Products, based upon current market conditions, but in no case shall this allowance exceed thirty (30) percent of the original consumer purchase price of the unit excluding such items as ductwork, wiring, piping and installation costs. Unitary Products shall have no responsibility hereunder for installation, shipping, handling or other charges except as specifically provided herein.

For your benefit and protection, return the warranty registration card to Unitary Products promptly after installation. This will initiate the warranty period and will allow us to contact you, should it become necessary. In the absence of a recorded warranty card, the warranty period will begin upon product shipment from the factory.

This warranty extends only to the original consumer purchaser and is non-transferable. For this warranty to apply, the product must be installed according to Unitary Products recommendations and specifications, and in accordance with all local, state and national codes, and the product must not be removed from its place of original installation. The warranty period for repair or replacement parts provided hereunder shall not extend beyond the warranty period stated above.
