HERMETIC COMPRESSOR WARRANTY

Unitary Products Group ("UPG") warrants this product to be free from defects in factory workmanship and material under normal use and service and will repair or replace, at its option, the hermetic compressor if it proves to have such defects, within a period of five (5) years from the date of product installation. This warranty covers only the equipment described by the Product Model Number and Serial Number listed on the warranty registration card.

For your benefit and protection, return the warranty registration card to UPG promptly after installation. This will initiate the warranty period and allow us to contact you, should it become necessary. In the absence of a recorded warranty registration card, the warranty period will begin on the date of product shipment from UPG.

This warranty extends only to the original consumer purchaser and is non-transferable. For this warranty to apply, the product must be installed according to UPG recommendations and specifications, in accordance with all local, state and national codes, and the product must not be removed from its place of original installation. The warranty period for repair or replacement of parts provided hereunder shall not extend beyond the warranty period stated above.

This warranty applies to products installed in the United States, Canada or Mexico.
